MEMORANDUM FOR: Deputy Director (Support)

25X1A

SUBJECT: Proposed Regulation ██████████ Foreign Residence Restrictions

REFERENCE: Your Memorandum to the Chief, Management Staff, 15 February 1957, same subject

1. In the referenced memorandum you have asked for a report on the time spent in the processing of proposed Regulation No. ██████████ Foreign Residence Restrictions, and if there were any more like this lurking around.

25X1A

2. Attached herewith is a list of the steps taken in the processing of ██████████. The initial step to get this proposal "on the road" was your request to the Director of Personnel on 18 January 1955, and since that time, some twenty-five months have passed. The purpose of this proposal is to impose post-employment foreign residence restrictions. It has been difficult to finalize the procedures for its administration. At one stage in the coordination process, the DD/P concurred in the proposal, and, as you know, the DD/P has now nonconcurred.

3. In response to your second inquiry, I am attaching herewith the lists of the steps taken in the processing of proposed ██████████ Administrative Plans, and proposed ██████████ Associates. In the case of ██████████ it has been forty-four months since your office requested PAPS to initiate a proposal on this subject. In the case of ██████████ twenty-three months have expired since the first draft was sent to RCS for processing.

4. In addition, I have been reporting to you at your staff meetings the cases returned to the initiating offices for resolution of differences in which periods of six weeks have expired. In my 4 February report there were five cases listed (in addition to the ██████████ in which excessive amounts of time were spent in resolving the differences. These instances are:

45 Weeks

5. Excessive amounts of time in the processing of the three proposals cited in paragraphs 2 and 3, above, are indicative of the fact that a further revision in our processing procedures is in order. The Regulations Control Staff is now starting a new endeavor to secure more prompt resolution of differences; this is via across-the-table discussions. In this process the initiating office would sit in the chair with RCS being a catalytic and advisory agent.
